## Sweet Peas for Fall Sowing

### NEW EARLY FLOWERING LONG SEASON SPENCERS

The originator says: "One thing we are absolutely sure of is that these we are offering have come absolutely true for three consecutive years".

**Early Morning Star** The color is a deep orange scarlet or flame color in standard with rich orange pink wings. The flower is practically the same color as the late flowering Spencer "Dobbie's Thomas Stevenson." It does not burn badly out in the open and under glass will be magnificent. The flowers are large and of best Spencer form and borne in threes and fours in wonderful profusion. Under artificial light it is superb.  
 25 Seeds, 25c; Trade Pkt. (1/4 oz.) \$1.25; oz. \$4.50 net

**Early Song Bird** We are sure this will be the leading pale pink for Florists. The flower is the same color as "Florence Morse Spencer" and a bit lighter than "Elfrida Pearson". It has the same excellent form and features of Mrs. Hugh Dickson but is on white ground. The placement of the flowers is splendid for packing and the flowers are borne on long stems in threes and fours. When in full growth it seems as though every stem carried four large blossoms.  
 25 Seeds, 25c; Trade Pkt. (1/4 oz.) \$1.00; oz. \$3.50 net.

**Early Melody** This is a deeper shade of pink than "Early Song Bird" on white ground, closely resembling "Countess Spencer" and near "Hercules". It might be described as rose pink on white ground. The effect when bunched is most pleasing.  
 It is very floriferous. The flowers are borne on long stems and mostly four large well-waved blossoms to each stem.  
 25 Seeds, 25c; Trade Pkt. (1/4 oz.) \$1.00; oz. \$3.50 net

**Early Spring Maid** The color is light pink on a cream ground and the blossoms have the same splendid characteristics of "Mrs. Hugh Dickson" for a florist's flower.  
 It is a most effective flower and carries a great wealth of blossoms borne in fours on long stems. There is no Early Spencer cream pink which is as attractive as "Early Spring Maid".  
 25 Seeds, 25c; Trade Pkt. (1/4 oz.) \$1.00; oz. \$3.50 net.

**Early Snow Flake** This is the best Early Flowering White Seeded Spencer. The blossoms are very large and of the best waved Spencer form. The flowers are borne in wonderful profusion on long stems.  
 25 Seeds, 25c; Trade Pkt. (1/4 oz.) \$1.25; oz. \$4.50 net.

**Early Heather Bell** This will be one of the most popular shades with all Florists as it will be so useful for making up for any occasion. The flowers are very large, borne in fours and threes on long stout stems and are of beautiful bold Spencer form. The color is a rich but pleasing mauve, but after standing in water the color becomes a beautiful mauve lavender.  
 25 Seeds, 25c; Trade Pkt. (1/4 oz.) \$1.25; oz. \$4.50 net

# VAUGHAN'S GIANT PANSIES

**NEW**

**Early-Flowering  
Giant Pansies**

The new strain produces its giant flowers about four weeks earlier than other known types. In the early part of March last year, when the old type pansies hardly showed any buds the plants of this new strain bore from three to five of their giant flowers.  
**Early Flowering Giant White, Yellow, Light Blue, Dark Blue and Mixed.**  
Trade Pkt., (500 seeds) 50c.

## Vaughan's International Pansies

Vaughan's International Pansy Mixture was first offered by us in 1889. We import from all the best European sources, and personally inspect the fields of French and German specialists. Each year has added to the quality of its flowers and variety of its colors. We buy every year, novelties of known merit to improve the mixture; it is always complete, always the latest and always the best mixture. We add to all Pansy Mixtures which we now buy more than fifty per cent of the choicest

named kinds obtainable, each in correct proportion. This is one of the **Specialties** that has established the reputation of Vaughan's Flower Seeds, and one which we maintain most carefully. Trade pkt., 50c; 1/4 oz., \$1.50; 1/2 oz., \$5.00; oz., \$10.00.

## VAUGHAN'S GIANT PANSY MIXTURE

Embraces, besides all the separate shades and colors, five special strains not listed elsewhere, and which can only be had in this and our International mixture. This mixture includes the richest reds, coppers and bronzes, together with the most delicate rose and pink shadings, all the distinct colors of Trimardeau and the splendid Cassier strain. Trade pkt., 25c; 1/4 oz., 60c; oz., \$4.00; 1/4 lb., \$14.00.

## VAUGHAN'S CUT FLOWER MIXTURE

This mixture is put up by ourselves and contains mostly light colored sorts. We have sold this mixture for several seasons to some of our Chicago cut-flower growers, who have realized big returns from the sale of the flowers. Pansies are as easily grown as violets, require less care and bring better returns.

Trade pkt., 25c; 1/4 oz., 85c; oz., \$5.00.

## PRINCESS PANSIES

Of the Cassier and Masterpiece type, habit remarkably erect, which is its distinguishing character. Extensive range of colors with yellow predominating.

Trade pkt., 25c; 1/4 oz., 75c.

## IMPROVED GERMAN MIXTURE

This is a mixture of three strains from different German growers and is made up mostly of separate colors, with a sufficiently large percentage of white and yellow. Trade pkt., 10c; 1/4 oz., 20c; 1/2 oz., 35c; oz., \$1.25.

## AUCUBA JAPONICA

Varigated, 18 inch. Each \$0.60 Doz. \$6.00 100 \$50.00

## BAY TREES

Nothing can approach these handsome trees for decorating porches, piazzas or hall entrances, and they are largely used for stately effects in formal gardens. Their use is no longer a luxury, but a necessity. Private residences, as well as hotels, restaurants, parks, etc., want them and we urge upon every florist the need of securing a stock early for display.

BUDDLEYA VEITCHIANUS

### VAUGHAN'S PEONIES

We have an exceptionally large stock of our own growing, strictly true to name, all in strong divisions, with from 3 to 5 eyes each. Besides these divided roots, we can supply many varieties in plants one, two, three and five years from division. These sizes are more suitable for private customers.

Write to us for prices on varieties you desire in large plants for Fall delivery.

# Bulbs for Early Fall Delivery

Recognizing the great and apparently increasing risks of the war-burdened bulb districts, shortage of help, reduced steamer sailings and general shipping facilities, increased freight and insurance rates, with terms of payment changed to cash or part cash, we have found it necessary again this year to send our own representative to France and Holland.

By so doing we provide for our customers the best possible assurance that no pains will be spared to supply our usual first grade stock, on time and in good order, with no risk or anxiety to the buyer.
